

An Intimate Night of Music at the Beekley Library

The Beekley Library is getting ready to start promoting our new music series "Between the Stacks" starting in January and running through April of 2024. We'll be featuring some fantastic artists from as far away as Nashville, TN (Jill Andrews) and as close by as Canton, CT (Kerri Powers)! The lineup is a diverse array of singer/songwriters who will enthrall you with their solo sets or accompanied by other top notch musicians. We couldn't be more excited to share these intimate nights of music in our very unique setting here at the Beekley.

"Between the Stacks" is announcing sponsorship opportunities for the 2024 season and we'd love to share this amazing music series with you and get your name alongside ours.
